Experiences

UI & UX Designer

 Awesome Motive, May 2024 - Apr 2025

- Designed user-focused experiences for Envira Gallery by simplifying complex workflows and improving feature clarity across core features.
- Collaborated closely with product and engineering teams; built and maintained design system to improve consistency and iteration speed.

Senior Designer, UI & UX (Promoted from UI/UX Designer)

 Ollyo, Sep 2020 - Apr 2024

- Led product design across Droip, SP Page Builder, EasyStore, and Tutor LMS, used by millions of users globally.
- Built and scaled design systems that reduced development time and improved UI consistency.
- Partnered with engineers to solve complex problems, balancing business goals with usability; mentored designers to strengthen team performance.

Design Consultant

 BricksPlus, Feb 2023 - Jun 2023

Clarified product direction through UX and business strategy, leading design from discovery to delivery. Restructured workflows to improve usability, team efficiency, and product focus.

UX & UI Designer

 Pixency, Jan 2020 - Aug 2020

Improved team collaboration through stakeholder workshops and clearer developer handoffs. Designed functional, user-friendly interfaces that increased client satisfaction and improved delivery speed.

UI Designer

 ThemeLooks, Jul 2018 - Dec 2019

Created 7 premium WordPress themes with 150+ pages, focusing on scalable UI patterns and usability. Worked closely with developers to ensure flexible, maintainable UI solutions.
